LEGISLATIVE COUNSEL'S DIGEST

SB 597, as amended, Liu. Child welfare services, foster care services, and adoption assistance.

~~(1) Existing law provides for the out-of-home placement of children who are unable to remain in the custody and care of their parent or parents, and provides for a range of child welfare, foster care, and adoption assistance services for which these children may be eligible.~~

~~Existing federal law, the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Public Law 110-351; the federal act) revises and expands federal programs and funding for certain foster and adopted children.~~

~~Under existing law, placement of a child should be made in the home of a relative, unless that placement would not be in the best interests of the child.~~

~~This bill would require the State Department of Social Services, or other entity responsible for a child's placement, to exercise due diligence to identify and provide notice to all adult grandparents and other adult relatives of the child, including any other adult relative suggested by~~

~~the parent or parents, subject to exceptions due to family or domestic violence, as required in the federal act.~~

~~This bill would require the State Department of Social Services to take all necessary steps to provide counties with more direct access to information contained in the Federal Parent Locator Service, pursuant to the federal act, for purposes of providing child welfare services, foster care services, and adoption assistance.~~

~~(2)~~

~~(1) Existing law establishes the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, under which counties provide payments to foster care providers on behalf of qualified children in foster care. The program is funded by a combination of federal, state, and county funds. Under existing law, AFDC-FC benefits are available, with specified exceptions, on behalf of qualified children under 18 years of age. Moneys from the General Fund are continuously appropriated to pay for the state's share of AFDC-FC costs.~~

~~Under existing law, in order to be eligible for AFDC-FC benefits, a child must be placed in one of 8 designated placements.~~

~~This bill would add to the eligible AFDC-FC placements, with respect to an otherwise eligible youth over 18 years of age, an independent, supervised home setting. By increasing the available placement options, the bill would make an appropriation. The bill would also increase county duties in administering the AFDC-FC Program, thus imposing a state-mandated local program.~~

~~Existing law requires foster care providers to be paid a per child per month rate in return for the care and supervision of the AFDC-FC child placed with them, and defines the term "care and supervision" for this purpose.~~

~~This bill would expand the definition of "care and supervision" to include travel costs for educational purposes.~~

~~(3) Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income persons receive health care benefits. Existing law requires the department, if, and to the extent that, all necessary federal approvals are obtained for federal financial participation, to implement a federal option to extend Medi-Cal benefits to independent foster care adolescents, as defined in federal law.~~

~~This bill would specify that if the department has exercised its option to extend Medi-Cal benefits to those independent foster care adolescents, the department, to the extent that federal financial participation is~~

~~available, shall not require the independent foster care adolescent to complete any paperwork qualification or provide any other information as a condition to continuing to receive the Medi-Cal benefits to which he or she is already entitled.~~

~~(4)~~

(2) Under existing law, the case plan is the foundation and central unifying tool in child welfare services. The components of the case plan include, when appropriate, a written description of the programs and services that will help a child, consistent with the child's best interests, prepare for the transition from foster care to independent living, for a child who is 16 years of age or older.

Existing law requires, when a child is placed in foster care, that the child's case plan include a summary of the health and education information or records, including mental health information or records, of the child.

This bill would require the State Department of Social Services, in consultation with pediatricians, health care experts, and experts in and recipients of child welfare services, and with the advice and assistance of the Child Welfare Council, to develop a plan for the ongoing oversight and coordination of health care services for a child in a foster care placement, consistent with the federal act.

~~(5)~~

(3) Existing law provides for the Adoption Assistance Program (AAP), to be established and administered by the State Department of Social Services or the county, for the purpose of benefiting children residing in foster homes by providing the stability and security of permanent homes. The AAP provides for the payment by the department and counties, of cash assistance to eligible families that adopt eligible children, and bases the amount of the payment on the needs of the child and the resources of the family to meet those needs.

Under existing law, at the time application for adoption of a child who is potentially eligible for ~~Adoption Assistance Program~~ AAP benefits is made, and at the time immediately prior to the finalization of the adoption decree, the department or the licensed adoption agency, whichever is appropriate, is required to provide the prospective adoptive family with designated information.

This bill would additionally require the department or licensed adoption agency to provide information regarding the federal adoption tax credit for any individual who is adopting or considering adopting a child in foster care, in accordance with the federal act.

~~(6)~~

(4) Existing law declares the duty of the state to care for and protect the children that it places into foster care. Under existing law, the State Department of Social Services has various powers and duties relating to ensuring that the needs of foster children are met by local child welfare agencies and foster care providers, including relative caregivers.

This bill would require the department to apply for a federal matching grant, known as a family connection grant, for the purpose of helping children who are in, or at risk of entering, foster care reconnect with family members, as provided for by a specified provision of federal law.

~~(7)~~

(5) Existing law provides for specified foster parent training programs in community colleges, funded from the Foster Children and Parent Training Fund.

Existing law requires the State Department of Social Services to develop and implement an enhanced statewide basic foster parent training program, beginning January 1, 1994.

Existing law also requires the department to select and award a grant to a private nonprofit or public entity for the purpose of establishing a statewide multipurpose child welfare training program to meet the needs of designated child welfare personnel.

This bill would require the department to ensure that all federal financial participation, in accordance with the federal act, is sought for training provided through the above training programs. The bill, to the extent that this federal financial participation is obtained, would require the described training programs to include Kin-GAP caregivers and child welfare agencies, as prescribed.

~~(8) This bill, if the Legislature enacts comprehensive legislation to expand foster care support beyond 18 years of age, as authorized by the federal act, would allow former foster youth who at 18 years of age decline to remain in foster care to reenter foster care up to their 21st birthday or at a lower age set by the Legislature, as specified. The bill would implement these provisions to the extent permitted by federal regulation.~~

~~(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state,~~

reimbursement for those costs shall be made pursuant to these statutory provisions:

Vote:  $\frac{2}{3}$ -majority. Appropriation: ~~yes-no~~. Fiscal committee: yes. State-mandated local program: ~~yes-no~~.

22 system for establishing rates in the AFDC-FC program. State  
23 functions shall be performed by the department or by delegation  
24 of the department to county welfare departments or Indian tribes

31 shall also include reasonable administration and operational  
32 activities necessary to provide the items listed in this subdivision.

33 (2) For a child placed in a group home, care and supervision  
34 may also include reasonable activities performed by social workers  
35 employed by the group home provider which are not otherwise

37 (c) It is the intent of the Legislature to establish the maximum  
38 level of state participation in out-of-state foster care group home  
39 program rates effective January 1, 1992.

1 (1) The department shall develop regulations that establish the  
2 method for determining the level of state participation for each  
3 out-of-state group home program. The department shall consider  
4 all of the following methods:

5 (A) A standardized system based on the level of care and  
6 services per child per month as detailed in Section 11462.

10 state.

11 (D) Any other appropriate methods as determined by the

13 (2) State reimbursement for the AFDC-FC group home rate to  
14 be paid to an out-of-state program on or after January 1, 1992,

32 (d) A foster care provider that accepts payments, following the  
33 effective date of this section, based on a rate established under this  
34 section, shall not receive rate increases or retroactive payments as  
35 the result of litigation challenging rates established prior to the  
36 effective date of this section. This shall apply regardless of whether  
37 a provider is a party to the litigation or a member of a class covered  
38 by the litigation.

39 (e) Nothing shall preclude a county from using a portion of its

32 ~~1905(w)(1) of the federal Social Security Act (42 U.S.C. Sec.~~  
33 ~~1396d(w)(1)), to the extent that federal financial participation is~~  
34 ~~available, at the time of initial eligibility or at annual~~  
35 ~~redetermination, the department shall not require the independent~~  
36 ~~foster care adolescent to complete any paperwork qualification or~~  
37 ~~to provide any other information as a condition of continuing to~~  
38 ~~receive the Medi-Cal benefits to which he or she is already entitled.~~

29 ~~by the federal Fostering Connections to Success and Increasing~~  
30 ~~Adoptions Act of 2008 (Public Law 110-351), former foster youth~~  
31 ~~who at 18 years of age decline to remain in foster care may reenter~~  
32 ~~foster care up to their 21st birthday or at a lower age between 18~~
